Terrorists' Use of Social Media

VIRTUAL STUDENT FEDERAL SERVICE

VSFS

Project Title	Terrorists' Use of Social Media
Project Summary	Collecting and analyzing data on designated terrorists' use of various social media platforms in effort to curb terrorist activity on the internet.
Country	United States
Country/Region of Focus	Global

Project Description

We seek a social media researcher and analyst to collect quantitative and qualitative data on designated terrorist individuals and groups' use of social media platforms like Facebook, Twitter, YouTube, and others to plan, facilitate, or commit terrorist attacks; to recruit new individuals or spread terrorist ideology; and/or to otherwise engage in terrorist activity through the internet. The intern will use Microsoft Excel and Word to complete this project.
